

Experience the full impact of IXL with a pilot

Looking to try IXL before you buy? An IXL pilot allows schools and districts who are new to IXL experience the full impact of our offerings, from the product, to professional learning, to customer service.

With an IXL pilot, you'll have access to:

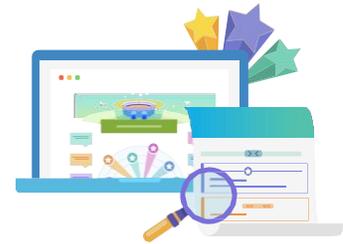

COMPLETE CURRICULUM AND PERSONALIZED PLANS

IXL's comprehensive K-12 curriculum supports essentially anything you want to teach, with 7,000+ skills in math, English language arts, and science. Integrating our curriculum into instruction is easy, with skill plans that match your provincial curricula and textbooks from kindergarten to grade 12.

UP-TO-DATE, ACTIONABLE ASSESSMENT DATA

The IXL Diagnostic assesses students at a deep level, providing reliable insights on year level proficiency on key math and English strands. Using insights from the Diagnostic, IXL creates a personalized action plan for each student. With this portrait of student knowledge always at hand, teachers can make smarter decisions about how to reach every student where they are.

CUSTOMIZED PROFESSIONAL LEARNING OPPORTUNITIES

Our professional development packages are customized to meet your school's needs and include live webinars, on-demand videos, and 1:1 coaching from IXL's professional learning specialists.

YOUR TRUSTED PARTNER, EVERY STEP OF THE WAY

From technical set-up assistance to an in-depth implementation review with an IXL specialist, your dedicated IXL team will ensure that your schools are quickly onboarded and supported for success throughout the year.
