

STEPS TO SUCCESSFUL IMPLEMENTATION

IXL's personalized guidance ensures your students are working on the best possible skills to help them grow.

LET'S TAKE A CLOSER LOOK AT HOW IXL HELPS YOU DELIVER PERSONALIZED LEARNING TO EVERY STUDENT

1. Empower student choice

Have students visit the Recommendations wall

Every student on IXL has a Recommendations wall full of skills that have been hand-picked to help them grow. Encourage students to own their learning by choosing any skill that appeals to them. You can rest assured that each skill is at the right level and will help your students on their learning journey.

Recommendations

Here are all the math and English language arts skills recommended just for you, based on what you've been working on recently. Explore the different types of recommendations, and click on any skill you'd like to try!

Student: Victor Heath

★ 2 skills suggested by your teacher

Compound subjects and objects with "I" and "me"
Grade 6 (83)

Select the correct pronoun to complete the sentence.

When Jack and ___ ate into our grilled cheese sandwiches, melted cheese oozed out the sides.

I me

Keep at it! Last practiced on October 22, 2022

Prime and composite numbers
Grade 5

Is 59 a prime number or a composite number?

prime number composite number

Try something new

Interpret charts and graphs to find the mean
Grade 5

Holly jotted down how many baskets he made during basketball practice each day.

Day	Number of baskets
Monday	43
Tuesday	35
Wednesday	28
Thursday	20
Friday	31
Saturday	27
Sunday	7

What is the mean of the numbers?

Next up! Because you excelled in PE-6 on October 16, 2022

Use personification
Grade 6

Select the sentence that uses personification.

In the middle of the grammar class, I encountered a building stream that melted me to stop for a drink.

At first, the key turned in the lock and then slipped into place.

My hair refuses to behave in the humid weather!

Try something new

Find the mean
Grade 4

2.

Set practice goals

Help every student reach their personal potential

There are 6 types of skill recommendations on IXL, and each one will help your students grow in a different way. For recommended skills that are new concepts for your students, encourage them to work to a SmartScore of 80 (proficiency).

**Try something new**

Explore new skills or topics you haven't practised yet.

**Work it out**

Stuck on a skill? Try working on these building block skills to help you tackle your trouble spots.

**Keep at it**

These are skills in which you're making progress but haven't yet reached excellence (SmartScore of 90).

**Go for gold**

You've already demonstrated excellence in these skills—now it's time to reach for mastery.

**Next up**

Extend your knowledge! Build upon the skills you've just learned by trying these natural next steps.

**From the diagnostic arena**

Based on your diagnostic stats, these targeted skills will help you improve and grow.

For a fun twist, create a theme for your class's personalized practice. Declare a Work it Out Wednesday or a Try Something New Tuesday!

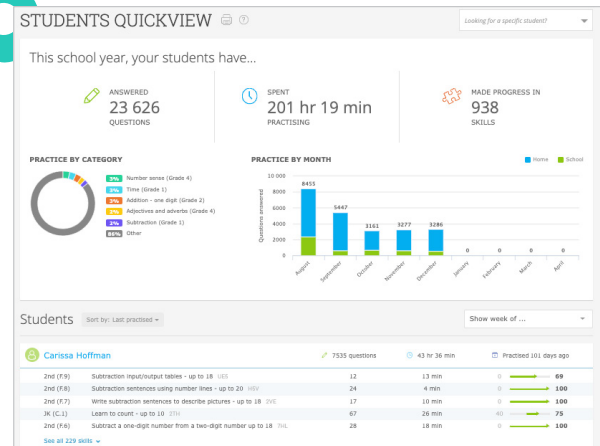

3.

Check for understanding

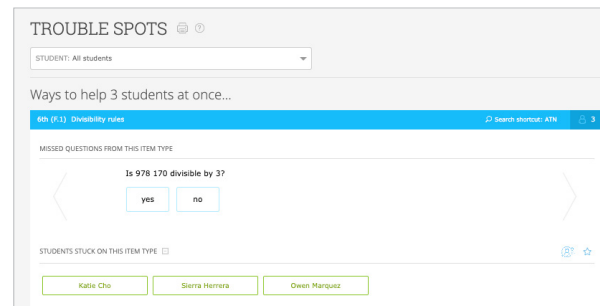

Students Quickview

Scan your Students Quickview to get an idea of which skills your students worked on and how much progress they made on each one.

Trouble Spots

Check your Trouble Spots report to see if any students are struggling with particular skills. Plan for an individual or small group reteach for any problem areas you uncover.

IMPLEMENTATION INSPIRATION

The IXL Recommendations wall can help you support students even when you can't be right by their side. Use the wall:

- As an option for early finishers
- For bell work
- When you're working with a small group
- When you have a substitute
